

GESS impact

– 10 years of GESS

I left Munich with a network of future leaders I now call friends and a toolbox to tackle any problem, small or billion dollar size.

Keep shaping the world into a better place!

During GESS I experienced the highest concentration of bright international minds in the room ever. Unbelievable.

10 Years GESS

As we have educated more than 490 students from more than 87 countries, we conducted a survey to measure the impact of GESS!

GESS impact

Alumni survey – 109 survey participants

Skills and competencies acquired

90% of participants have "often" used them

Identify
problems quickly

Understanding of
entrepreneurship

Teamwork
skills

Intercultural
skills

You think that the world's
problems are too difficult to
solve? GuESS again!

GESS is about perspective,
which leads to vision, which
combined with discipline
leads to success.

A mind stretched by an
idea can never regain its
original form.

What participants think about GESS

Think they now
have a global
network of young
leaders.

Think they are now
able to develop
innovative solutions
to societal problems.

Think GESS
reinforced their
enthusiasm for
entrepreneurship.

Think their
expectations
were met.

Billion Dollar Projects to Foster Societal Change

The Global Entrepreneurship Summer School (GESS) combines education, entrepreneurship, and networking for a sustainable development. Talented students from around the globe are encouraged to tackle society's problems by entrepreneurial means. After our seven day program they are equipped with the right toolset, skillset and mindset to contribute to society with sustainable and innovative solutions.
